

THE HOUR GLASS

SUSTAINABILITY REPORT 2024

BOARD STATEMENT [2-3] [2-22]

The Board is pleased to present the seventh annual Sustainability Report for The Hour Glass Limited (the "**Company**") and its subsidiaries (collectively, the "**Group**"), for the financial year ended 31 March 2024 ("**FY2024**"). As the Group strives towards becoming the leading cultural retail enterprise for specialty watch retailing, it is acknowledged that managing the socio-environmental impact of our business operations is crucial for achieving excellence in our field, and for ensuring the long-term sustainability of our business.

It is the Board's responsibility to drive the Group's policies and performance in key Environmental, Social and Governance ("**ESG**") matters. The Board also provides oversight for and monitors the management of these material ESG matters. The Group has conducted a review of the material and additional ESG matters in FY2024 and made an amendment to them which will be elaborated in the rest of the report.

As we continue in our sustainability journey, the Group is committed to further incorporating sustainability into our business decisions and assuring our stakeholders that our business is conducted in a transparent and sustainable manner.

BOARD OF DIRECTORS

30 July 2024

INTRODUCTION AND SUSTAINABILITY AT THE HOUR GLASS

ABOUT THE HOUR GLASS [2-1] [2-2] [2-6]

Founded in 1979, the Company is a limited liability company listed on the Singapore Exchange Securities Trading Limited ("**SGX-ST**"), incorporated and headquartered in Singapore. The Group endeavours to be the watch world's leading cultural retail enterprise, making it the primary port of call for all enthusiasts and collectors alike.

The Group is proud to be the official retailer for a thoughtfully curated selection of watches from the world's best watch manufacturers. Each of the Group's boutiques are strategically located in the core luxury retail precincts in Singapore, Hong Kong, Japan, Australia, New Zealand, Malaysia, Thailand and Vietnam. Principal activities of the Group include the retail and wholesale distribution of watches, jewellery and other luxury goods, investment in properties and investment holding.

ABOUT THIS REPORT [2-2] [2-3] [2-5]

This is the Company's seventh annual Sustainability Report, which presents our approaches and performance in respect of our key ESG matters for the period from 1 April 2023 to 31 March 2024 ("**FY2024**"). The report has been prepared in accordance with the Global Reporting Initiatives ("**GRI**") Universal Standards 2021 and aligned with the reporting requirements of the SGX-ST Listing Rules 711A and 711B. We have chosen to report using the internationally recognised GRI framework which allows us to comprehensively report on sustainability metrics and impacts while meeting rigorous global benchmarks.

The scope of this report covers the retailing and distribution of watches and related products in Singapore¹. The data displayed in this report covers FY2024, while comparative data from 1 April 2022 to 31 March 2023 ("**FY2023**") and 1 April 2021 to 31 March 2022 ("**FY2022**") have been incorporated where relevant. The Company has not sought external assurance for this Sustainability Report and has relied on internal review by our internal audit function. However, the Company may consider doing so in the future as our sustainability reporting practice matures.

If you wish to provide feedback on our report, please send it to ir@thehourglass.com.

GOVERNANCE STRUCTURE [2-9] [2-12] [2-13] [2-14] [2-16] [2-17]

The Board sets the Group's sustainability direction and is responsible for ensuring that expectations from our key stakeholders, including ESG expectations, are understood and met. In an effort to ensure relevancy and to upgrade the knowledge of our directors on sustainability reporting, all of our Directors have attended one of the SGX-ST prescribed sustainability training courses.

The Board is supported by the Group Sustainability Committee ("**GSC**"), which consists of the Group's management team—who reports directly to the Board—and key employees from relevant departments. The Board-level Audit Committee ("**AC**") is responsible in management and overseeing of risk management frameworks and policies.

¹ Operations in Hong Kong, Japan, Australia, New Zealand, Malaysia, Thailand and Vietnam, and retail and distribution of jewellery and investment in properties have been excluded from the coverage of this report

INTRODUCTION AND SUSTAINABILITY AT THE HOUR GLASS

GOVERNANCE STRUCTURE [2-9] [2-12] [2-13] [2-14] [2-16] [2-17]

The AC relies on the whistle-blowing policy² as a key mechanism in reviewing and identifying critical concerns in financial reporting and other matters. These critical concerns would then be brought up for discussion with the Board. There was no critical concern raised in FY2024 (FY2023: Nil).

The GSC is also responsible for oversight and decision-making for the management of the Group's impacts on the economy, environment, and people. Senior executives of the relevant departments provide an annual update to the GSC on the processes set in place on managing risks identified for the period. With the Board's endorsement, the GSC continues to revise and oversee the management of sustainability-related risks, diversity and opportunities as well as review the Group's targets and performance.

For a complete description of the Corporate Governance, including board composition, management of conflicts, nomination and remuneration of the Board, evaluation of board performance and disclosure of transactions with related parties, please refer to the Group's annual report.

SUPPLY CHAIN [2-6]

For a holistic approach in sustainable development, The Hour Glass strives to embed sustainability throughout its value chain within our operating markets. The Group has taken efforts in performing due diligence with parties both up and downstream, namely our long-term brand partners and customers. The Group believes long-term prosperity will only follow, by working with trustworthy partners that share the Group's philosophy of patiently building the business with a coherent long-term strategy.

STAKEHOLDER ENGAGEMENT [2-6] [2-25] [2-26] [2-29] [3-1] [3-3]

The Hour Glass' sustainability approach remains focused on delivering value for all stakeholders. The Group is committed to understanding the key concerns of our stakeholders, and we seek to address these concerns by engaging stakeholders on a regular basis. The Group's main stakeholder engagement activities are summarised in the following table.

² Refer to Regulatory Compliance (page 10) for more information on the Whistle-Blowing Policy

INTRODUCTION AND SUSTAINABILITY AT THE HOUR GLASS

MATERIALITY ASSESSMENT [2-13] [2-14] [2-29] [3-1] [3-2]

The comprehensive materiality assessment helps the Group to assess and identify ESG matters that are important to The Hour Glass and our stakeholders. Feedback from key stakeholders form a crucial part of our strategic and business planning and is viewed as valuable insights for the Group to continuously improve its sustainability performance. This materiality assessment is conducted through a four-step process as shown in Figure 1 below.

Figure 1: Materiality Assessment Process

1	<p>Identification</p> <p>A comprehensive list of ESG matters was identified through a desktop analysis of sustainability reports published by peers and interviews with key personnel from various departments.</p>
2	<p>Prioritisation</p> <p>The identified ESG matters were rated and prioritised by representatives from the various departments. Both internal and external stakeholders’ perspectives were considered during the prioritisation process.</p>
3	<p>Validation</p> <p>Material matters that were identified in Step 2 were presented to the Board for their validation.</p>
4	<p>Review</p> <p>Material matters that were approved by the Board will continue to be re-assessed in successive reporting periods to ensure that the reported topics remain relevant and material.</p>

To keep abreast of current ESG matters in this dynamic operating environment, The Hour Glass continually reviews our ESG matters on a yearly basis. In FY2024, we have reviewed the three ESG matters identified in the previous year. We have retained all three ESG matters—Regulatory Compliance, Security of Information and Risk Management—and identified an additional ESG matter—Managing Impact on Environment.

Table 2: The Hour Glass’ Reported ESG Matters

Materiality	Sustainability Category	ESG Matter
Material	Governance	Regulatory Compliance
	Social	Security of Information
Additional	Governance	Risk Management
	Environmental	Managing Impact on Environment

PROFILE OF OUR WORKFORCE^{[2-7] [2-8]}

The Hour Glass values our employees as assets of the Group, and we recognise the importance of maintaining a diverse group of employees in a workforce. A healthy mix of experience, differing perspectives and backgrounds helps the Company to stay ahead. The Company is committed to providing fair compensation, training, and career development opportunities to both permanent and non-permanent employees, and across different age and gender groups, fostering a positive work environment for all.

Figure 2: Employees by Gender

Figure 3: Employees by Age Group

As at 31 March 2024, our operations in Singapore employed a total of 255 employees³ (31 March 2023: 254 employees⁴) and 7 contractors (non-employees⁵) (31 March 2023: 6 contractors). There are no non-guaranteed or part-time employees within the operations.

³ 31 March 2024: 253 full-time, permanent employees (159 male, 94 female) and 2 full-time, temporary employees (1 male, 1 female)

⁴ 31 March 2023: 252 full-time, permanent employees (156 male, 96 female) and 2 full-time, temporary employees (1 male, 1 female)

⁵ Contractors (non-employees) do not perform a significant share of our business activities

REGULATORY COMPLIANCE [2-23] [2-24] [2-26] [2-27] [3-3]

The Group is committed to complying with all applicable statutory and regulatory requirements, as expected by our key stakeholders, and continuing to uphold their trust and confidence. Maintaining a high standard of corporate governance enables the Group to manage the Company's exposure to regulatory and reputational risks, and potential financial losses incurred in the form of fines and penalties.

These laws and regulations include the Companies Act 1967, Income Tax Act 1947, Goods and Services Tax Act 1993, Employment Act 1968, Central Provident Fund Act 1953, Personal Data Protection Act 2012 ("**PDPA**") and Precious Stones and Precious Metals (Prevention of Money Laundering, Terrorism Financing and Proliferation Financing) Act 2019, and the listing rules of the SGX-ST.

The following table describes the key policies that the Group has put in place to guide our employees' behaviour at the workplace. For a detailed explanation of these policies and practices, please refer to The Hour Glass' 2024 Annual Report, Corporate Governance section, pages 18 to 45.

Table 3: The Hour Glass' Policies and Guidelines

Policy	Elaboration
Code of Ethics and Business Conduct	<ul style="list-style-type: none"> • All employees are required to act in alignment with the code, which is accessible to all via the Group's internal platforms • Employees are expected to act with integrity, objectivity and in compliance with the laws and Company's policies relating to: <ul style="list-style-type: none"> - Conflict of interest - Procurement activities - Integrity of records and accounting procedures - Protection of proprietary information - Workplace behaviour and misconduct (i.e. violence, intimidation, sexual, racial or other harassment) that may lead to disciplinary action or dismissal, while providing a channel for grievances to be raised responsibly
Dealing in Securities	<ul style="list-style-type: none"> • The Group adopts a strict policy with respect to dealings in securities modelled on the SGX-ST's best practices and recommendations
Whistle-Blowing Policy	<ul style="list-style-type: none"> • The policy, which is available on the Group's internal platforms and regularly circulated to employees via electronic mail, provides a channel for employees to raise concerns about possible impropriety in matters of financial reporting, fraudulent acts or behaviour that might constitute a contravention of any rules, regulations or internal policies • The policy also states the Company's stance on ensuring that whistle-blowers are protected from any form of retaliation, harassment or other discriminatory acts • The policy is overseen by the AC which ensures that procedures are in place for independent investigations and appropriate follow-up action

REGULATORY COMPLIANCE [2-23] [2-24] [2-26] [2-27] [3-3]

Table 3: The Hour Glass' Policies and Guidelines

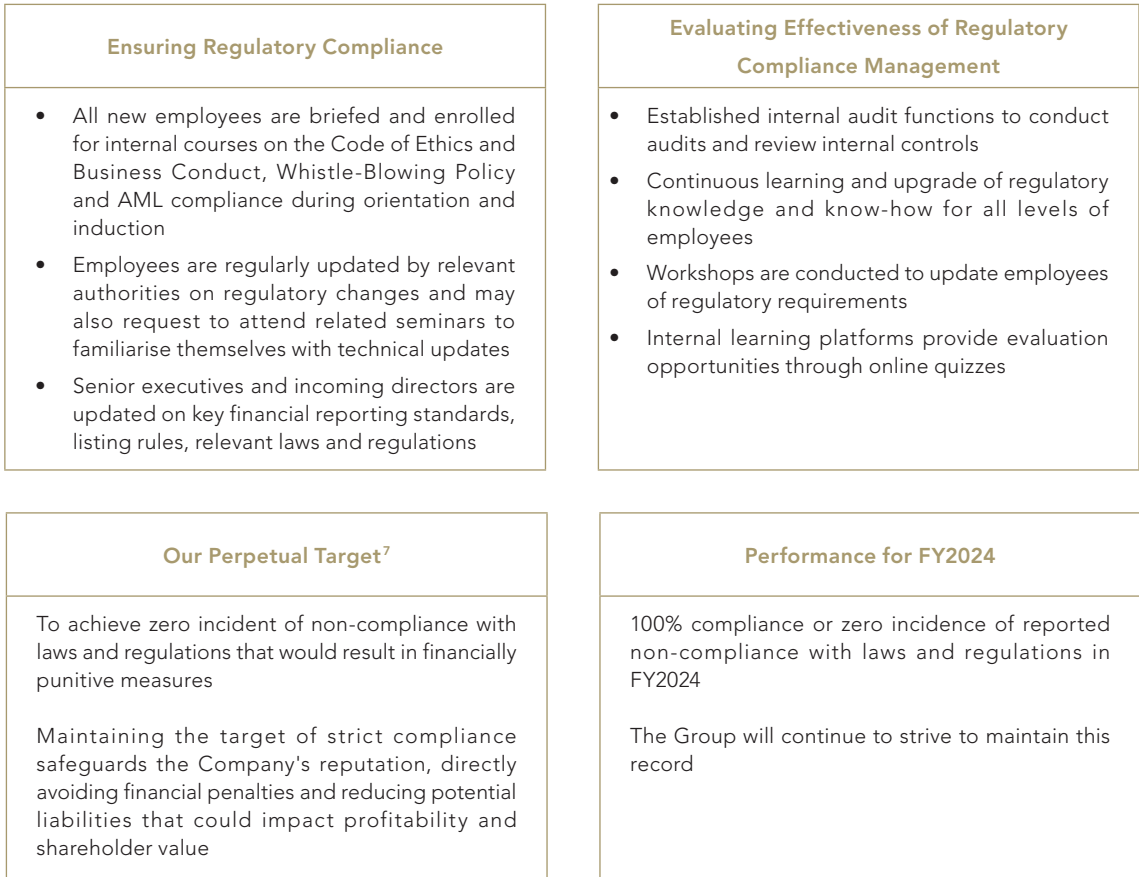

Policy	Elaboration
Anti-Money Laundering ("AML")	<ul style="list-style-type: none"> • The Company implements internal policies, procedures and controls ("IPPC") as a guide to AML compliance • To ensure compliance, employees are required to attend training sessions during the onboarding process • Internal training sessions are conducted twice a year • IPPC are made available to all employees through internal online platforms
Corporate Governance	<ul style="list-style-type: none"> • The Board is entrusted with the overall management of the business affairs of the Company, corporate governance matters and sets the overall strategy for the Group • At the operational level, the senior management team provides leadership in decision-making with regard to the implementation of corporate targets and policies
Tax Management Policy⁶	<ul style="list-style-type: none"> • The policy ensures the Company complies with statutory and legal tax obligations, including conducting appropriate due diligence before adopting a tax position on any significant issue • The policy is overseen by the Finance department which is responsible for the overall coordination and tax planning, and monitoring of all tax issues

The Group believes that its proactive approach towards compliance has underpinned its performance in corporate governance, and that its actions continue to be effective. Figure 4 shows several actions taken to ensure and assess the standards of regulatory compliance within the Group.

⁶ www.thehourglass.com/tax-governance-policy

REGULATORY COMPLIANCE [2-23] [2-24] [2-26] [2-27] [3-3]

Figure 4: The Hour Glass’ Practices for Ensuring and Assessing Regulatory Compliance

⁷ Perpetual targets are ongoing sustainability objectives that our organisation commits to indefinitely. These targets are regularly reviewed and updated based on our progress and evolving external conditions to ensure continuous improvement towards our sustainability goals.

SECURITY OF INFORMATION [2-23] [2-24] [3-3] [418-1]

Security of information is of utmost importance to The Hour Glass as we recognise our duty of confidentiality towards our clients, prospects, employees and other stakeholders. Information security helps protect sensitive data from unauthorised access, breaches and cyber threats, which in the short or long term, can result in reputational damages, decreased customer trust and loyalty, financial losses and legal liabilities. The Hour Glass also acknowledges that effective information security measures have the potential to foster trust and loyalty among stakeholders. Additionally, the implementation of robust information security protocols can confer a competitive edge in the modern digital era, enabling us to both attract new customers and maintain existing ones.

We are compliant with PDPA and Payment Card Industry Data Security Standard ("**PCI DSS**") in Singapore and the local data protection laws in the markets we operate in. The Group has also aligned our Privacy Policy to the key principles of the General Data Protection Regulation ("**GDPR**"), a European Union regulation on data protection and privacy, which is widely regarded as the global standard.

The Group's Privacy Policy is available on our corporate website⁸, which details the purposes of data collection, uses, disclosures and transfers of personal data. This policy is overseen by The Hour Glass' Data Protection Officer ("**DPO**"). Details on how clients and prospects can access and correct their personal data and make a privacy-related complaint can also be found in the policy. The Company takes any reported cases of non-compliance seriously, and will perform a thorough assessment should such cases arise. In cases where any risk or non-compliance is identified, the respective laws and regulations will be reiterated to the team. Where the severity of non-compliance is high and may involve a data breach, the Personal Data Protection Committee will be informed and necessary actions in line with PDPA will be taken.

To ensure the security of our stakeholders' information and to prevent a breach of data security, the Group undertakes a series of steps to ensure compliance with our Privacy Policy (Figure 5).

Figure 5: Steps Taken to Ensure Information Security and Policy Effectiveness Evaluation

Ensuring Data Security
<p>Compliance with Personal Data Protection Regulations</p> <ul style="list-style-type: none"> • Continuous education and review on privacy policies and controls • Ensure compliance of data protection regulations • Strict control over user access rights with approval process in place <p>Implementation of Data Protection Procedures</p> <ul style="list-style-type: none"> • Prospect and client data collection only conducted upon consent and marketing information is sent on an opt-in basis • Access to data stored digitally in internal systems is restricted • Request for identification only if required (e.g. watch collection post-servicing) • Electronic files are password-protected if they contain sensitive data • Implement security controls to review intrusion and ensure technical controls such as firewalls are in place

⁸ www.thehourglass.com/privacy-policy

SECURITY OF INFORMATION [2-23] [2-24] [3-3] [418-1]

Figure 5: Steps Taken to Ensure Information Security and Policy Effectiveness Evaluation

<p>Ensuring Data Security</p> <p>Training</p> <ul style="list-style-type: none"> • DPO provides training relating to security of information • The Hour Glass internal learning platforms provide resources and references on PDPA • New hires’ orientation includes briefing and eLearning on PDPA policies and procedures • Employees are enrolled for courses related to data security, PDPA, GDPR and other related courses as part of continuous education <p>Third Parties</p> <ul style="list-style-type: none"> • Any third party involved in handling of personal data are required to adhere to data protection policies and procedures • Third parties may be required to sign non-disclosure agreements and undertakings to protect personal data 	
<p>Evaluating Effectiveness of Data Security Management</p> <ul style="list-style-type: none"> • Cybersecurity assessments are performed on all systems to identify potential threats while ensuring data security is not being compromised • Monitor and review user access, user roles and audit logs monthly and program changes are monitored closely to ensure changes are tested and documented accordingly • Phishing email trial campaigns are implemented on an <i>ad hoc</i> basis to assess employees’ awareness and vigilance against potential data breach contacts and threats • The Hour Glass conducts internal audits and reports audit findings on areas for improvement 	
<p>Our Perpetual Target⁷</p> <p>To achieve zero security incident of unauthorized access, data breaches, malware attacks or non-compliance of data protection laws</p> <p>Meeting targets for the security of information enhances customer trust and protects organisational assets, crucially preventing financial losses from data breaches, system disruptions, and regulatory fines, thereby supporting sustained financial health and business continuity</p>	<p>Performance for FY2024</p> <p>100% compliance or zero incidence of reported non-compliance with PDPA and data protection laws in FY2024</p> <p>There were zero substantiated complaints concerning breaches of customer privacy and identified losses of customer data</p> <p>The Group will continue to strive to maintain this record</p>

⁷ Perpetual targets are ongoing sustainability objectives that our organisation commits to indefinitely. These targets are regularly reviewed and updated based on our progress and evolving external conditions to ensure continuous improvement towards our sustainability goals.

RISK MANAGEMENT [2-23] [2-24]

The Group has also adopted Risk Management as an additional ESG matter to reflect the importance of managing risks in the Group. Besides maintaining a sound system of risk management and internal controls, the Group has developed and implemented a Board Assurance Framework which includes an Enterprise Risk Management ("**ERM**") Framework to identify the significant risks faced by the Group, the potential impact and likelihood of those risks occurring, and the control effectiveness and action plans being taken to mitigate those risks. The Group has also developed a risk governance structure, which provides details on the roles and responsibilities for the Board and management in risk monitoring, escalation, mitigation and reporting.

The Group also reviews the risks associated with AML, terrorism financing and proliferation financing activities, and adhere to IPPC to minimise these risks.

The Group's ERM process aims to achieve the following:

- A structured, disciplined and systematic approach to managing risks;
- Robustness of risk information;
- Accountability for outcomes and risk treatment action plans; and
- Sustainability

RISK MANAGEMENT [2-23] [2-24]

The following are steps that the Group follow for identifying, assessing and reporting risks:

Figure 6: Steps in Identifying, Assessing and Reporting Risks

<p>Step 1: Communication and Consultation</p> <p>Communication of risks and consultation of all relevant external and internal stakeholders to support risk management decisions</p>
<p>Step 2: Establish Context</p> <p>A) Establish internal and external context: Understanding of our objectives, KPIs and the external and internal organisational environment in which we operate</p> <p>B) Review risk parameters to assess the likelihood and impact of risks</p>
<p>Step 3: Risk Assessment</p> <p>A) Identify and prioritise key risks: Identification and prioritisation of key risks based on the strategic objectives which we aim to achieve</p> <p>B) Risk analysis and evaluation: Analysis of risk drivers, consequences and existing controls and evaluation of whether the risks identified are managed properly and within the tolerance limits</p>
<p>Step 4: Risk Treatment</p> <p>Implementation of risk treatment action plans to further manage risks to an acceptable level</p>
<p>Step 5: Monitor and Report</p> <p>A) Risk monitoring activities ensure risks are managed in a structured and timely manner</p> <p>B) Risk reporting and escalation to management and Board or AC</p>

The Group has established risk appetite statements and tolerance limits to monitor shifts in its significant risks and to proactively manage them within acceptable levels.

The Group's approach to risk management focuses on ensuring that appropriate controls are in place to effectively manage those risks. Measures are adopted to manage such risks, and risk management policies are monitored by management, and periodically reviewed and approved by the Board.

MANAGING IMPACT ON ENVIRONMENT

The Company does not operate within the industries, mandated by SGX, to comply with climate reporting under the Task Force on Climate-Related Financial Disclosures by FY2024. Notwithstanding the above, the Company has taken steps to review existing processes on the related topics. We are committed to evolving our strategies to meet international standards and ensure our processes comply with internationally recognised frameworks.

The Group is increasingly recognising the importance of sustainability. To minimise its environmental impact, the Company is implementing strategies to save energy and paper. These efforts contribute to environmental preservation and align with the growing consumer demand for sustainable practices.

Figure 7: Strategies for environmental conservation

Energy Conservation
<p>Energy conservation is an area where the Group can make progressive strides. Boutiques often feature elaborate lighting to create an inviting atmosphere and showcase their products effectively. To address this, the Group adopts the following practices to mitigate the risk of escalating energy costs:</p>
<p>LED Lighting</p> <p>Replacing traditional incandescent bulbs with LED lighting reduces energy consumption significantly. LEDs are more energy-efficient, have a longer lifespan, and produce less heat, which can also reduce the load on air conditioning systems.</p>
<p>Energy-efficient appliances</p> <p>Upgrading to energy-efficient appliances, systems and equipment with energy-saving features and better Energy Star ratings, helps reduce overall energy consumption.</p>

MANAGING IMPACT ON ENVIRONMENT

Figure 7: Strategies for environmental conservation

Reduction on Usage of Paper
<p>In an age where digital technology is prevalent, reducing paper usage is both feasible and beneficial for the Group in responding to the market preferences associated with the evolving consumer preferences. Strategies to minimise paper consumption include:</p>
<p>Digital Communication</p> <p>Shifting from printed materials to digital communication for marketing, customer correspondence, and internal communications reduces paper use. This has led to a significant decrease in the need for paper approvals, while enhancing controls through digitalised audit trails. Email newsletters, digital invoices, and electronic signatures are practical examples.</p>
<p>Paperless Transactions</p> <p>Implementing paperless transaction systems, such as e-receipts and digital contracts, reduces paper use and enhances clients' convenience. The Group offers clients the option to receive receipts and other documents via emails.</p>
<p>Recycling Programs</p> <p>Selective recycling programs manage paper waste where feasible.</p>

The path to sustainability is an ongoing journey, and The Hour Glass is working towards reducing environmental impact through thoughtful and innovative practices.
